No provision was made in the original plans but during the time [illegible] construction a provision was [illegible]

"What was the provision?" Capt. [illegible] asked.

"There was an 18 by 8 flue vertical in the walls from the height of the radiators to the attic."

He said the revision in the plans to gas steam heating was not with the architect's approval but pointed out the architect did not have power to force the owner to change.

The military court was convened while the stricken community and the surrounding oil country prepared to bury its dead.

The Tyler Morning Telegraph [illegible] Coombes is saying two of field workers, W. The pipes, they contended, had been blown to bits by a terrific explosion within. The captain explained other witnesses discounted the men's theory but he said he would call them as witnesses and show their exhibits.

Only three bodies—all young girls—lay unclaimed in a Henderson mortuary.

Yesterday as many as 70 unidentified had been laid in rows in improvised morgues at one time. The state department of public safety aided in the difficult task of identification by sending a finger print expert here.

New London and surrounding oil communities declared a holiday for the funerals set today.

LEWIS BLAMED FOR SITDOWNS

Senator Says CIO Leader Could Halt Labor Disputes If He Wanted To

COURT ATTACKS SCORED

Held Responsible for People's Loss of Respect for Law and Constitution

By The Associated Press
WASHINGTON, March 20.— Democratic opponents of the Roosevelt judiciary bill aroused by arguments that its enactment would lessen industrial conflict declared today there was no connection between supreme court decisions and sitdown strikes.

"The one man responsible for the sitdown is John L. Lewis, who is closer to the ear of President Roosevelt than any other man," said Sen. Burke, Democrat of Nebraska.

"If he (Lewis) who give the word these strikes would end tomorrow."

Says Attacks Breed Disrespect

Attacks on the court in congress have caused large groups of our people to lose some measure of respect for law and the Constitution, Burke contended.

Sen. Black, Democrat of Alabama, an advocate of the bill, declared yesterday during a heated senate argument the supreme court majority had so restricted federal power as to make it impossible for congress to pass legislation tending to alleviate strike conditions.

The administration position in the words of Sen. Robinson, Democratic leader, was that future policy to ease strike tension depended largely on the impending decision by the supreme court on the Wagner labor [illegible]

Justices Will Not Testify

Besides the debate over the labor situation these developments arose in the court controversy:

1. Senate committee members learned that supreme court justices preferred not to testify on the proposal to enlarge the bench unless members over 70 retire.

2. Closing two weeks of testimony by proponents today were Irving Brant, editorial writer on the St. Louis Star-Times, and Justice Ferdinand Pecora of the New York supreme court, who conducted the senate stock market investigation during early days of the new deal.

3. Sen. Wheeler, Democrat of Montana, will open opposition testimony Monday. Raymond Moley, former adviser to the President, leaders in the National Grange, Rep. Lemke, Republican of North Dakota, 1936 Union party presidential nominee, and others will follow.

4. John H. Clarke, [illegible] former supreme court justice, will discuss the Roosevelt bill [illegible] radio Monday night. He is reported [illegible] for [illegible]

James Roosevelt, the President's son and administrative assistant, declared at Athens, Ga., that the federal judiciary has taken advantage of circumstances to [illegible] itself aloof and apart from the will of the people.

Sen. Borah, Republican of Idaho, enlivened the senate debate on the sitdown strikes and the court yesterday with another of his celebrated attacks on monopoly.

CANTON KILLING SUSPECT MOVED

Miss Ludwig Shifted from City to County Jail Arraignment Demand Dropped

By The Associated Press
CANTON, O., March 20. Prosecutor A. C. I. Barthelmeh agreed today to remove Miss Florence Ludwig from the city jail to more comfortable quarters in the county jail and Miss Ludwig's attorney withdrew his insistence that the divorcee held a week by police investigating the killing of Mrs. Dueter S. Cole [illegible] arraigned immediately on the complaint of suspicion lodged against her.

William B. Quinn, Miss Ludwig's attorney, who previously had declared the police station jail was not fit for a [illegible] told Judge Carl Feist she had not even had a blanket or pillow there last night. Miss Ludwig had spent the previous night at the home of Police Chief Ira A. Manderbaugh.

Hearing Delayed to Monday

Judge Feist continued the hearing until Monday after Quinn and Barthelmeh agreed on the transfer. Miss Ludwig, center of interest in the investigation through Cable's reported story that he had maintained her for two years in an Akron apartment, was not in court.

Cable also held on a suspicion complaint entered by Detective Capt. Elmer I. Clark was still in the city jail. He is scheduled to be arraigned next Thursday.

It is known and [illegible] generally that there is no evidence of any kind against Cable in this case, declared attorney William Simpson, [illegible] these charges are seeking delay. They are and have been holding Cable illegally.

FIRE CAUSES $1,000 DAMAGE TO HOUSE

Roof and Second Story of West Side Residence Hit by Blaze

Chimney sparks which ignited a shingle roof were blamed for a fire Wednesday afternoon which destroyed the entire roof of a West Side residence and caused considerable damage to an adjoining home.

Damage at the home of Thomas Nolfi, of 787 Nelson street, where the fire broke out shortly after 3 o'clock, was estimated at $1,000 by firemen. The neighboring home of Frank DeRamo was damaged to the extent of about $50.

Ten firemen from company No. 2 responded to the call which was received by telephone. One large hose line and two smaller lines were laid in the 45-minute battle to quench the flames. At the Nolfi home the roof and second floor ceilings were destroyed while the heat scorched the paint and broke the windows in the DeRamo residence.

No one was at the Nolfi home when the fire broke out and the blaze was apparently reported by neighbors or passersby who were the first to discover it, firemen said. The damage was covered by insurance.

Judge Weighs Legality of Mint Vending Machine

Arguments for and Against Device Heard Today in Injunction Suit Against Marks

Question of the legality of the Viking Silent Salesman, a mint vending machine which Police Chief William I. Marks has threatened to confiscate, was argued this morning in an hour-long hearing before Common Pleas Judge Hector S. Young. The Ohio Amusement Co., distributor of the machine, is requesting an injunction against Chief Marks to restrain him from carrying out his threat.

Judge Young will accept briefs [illegible] arguments and citations of law from both attorneys next week. Grant E. Mouser Jr., counsel for the company, said he will file his brief Monday and Ralph [illegible] Carhart, city solicitor, said he will not [illegible] ready before Wednesday.

One of the machines which contains a miniature steam shovel with which the breath pellet purchaser may attempt to extract a prize is at Mr. Mouser's office. Judge Young, Chief Marks and Mr. Carhart inspected it yesterday. Judge Young playing the machine once. Chief Marks did not operate the machine.

Only Two Witnesses

Only two witnesses testified. Chief Marks and Raymond A. Norwood of Columbus, president and treasurer of the company. Mr. Norwood stoutly defended his statement in the petition for the injunction that the machine is merely to vend breath pellets and is not intended for gambling.

The word gambling was not mentioned once during the hearing this morning.

Mr. Norwood said the machine has not been tested in court and is different from previous machines. He described the operation of the machine and declared the pellets which it discharges are [illegible] in quality and as numerous as any other five cent pellet. Chief Marks later testified he had weighed the output of the machine and found that a person would have to insert 77 nickels or $3.85 in order to obtain a pound of pellets. He also said he had priced pellets in local confectionaries and found they retail for about $1.60 a pound.

Mr. Norwood said that as soon as a nickel is inserted the pellets are discharged but that the "steam shovel" does not operate until another button is pushed. In former models the shovel operated simultaneously with the coin insertion, he said. Prizes are scattered on the floor of the machine among small pieces of candy and the boom of the shovel automatically dips down and, if the "purchaser" is skillful, a prize, Mr. Norwood said.

Range of Prizes

Prizes range from knives to clocks or cigaret lighters, he said. He admitted some were more difficult to extract than others, but said it was possible to take out any prize with the shovel.

He said the shovels were as exact in operation as real steam shovels and could be placed by a skillful operator so as to scoop up any prize. This statement drew from Mr. Carhart the question "Do you have a man stationed at each machine to instruct the operators? Or do you expect a person to continue playing until he becomes expert at the machine?"

Mr. Norwood said this was in effect the purpose of the shovel, which he referred to as a "sales stimulant."

Chief Marks said he issued an order to his department to confiscate any such machines they find in Marion [illegible]

1,320 Eggs Pay Children's Way To Show Today

Eggs of all kinds. Big eggs. Little eggs. Brown eggs. White eggs.

One hundred and ten dozens of them were gently proffered and as gently accepted as admission to the Ohio theater this morning when the Kiwanis club staged its annual free show as the first round of the annual Easter egg hunt.

Next Saturday morning at McKinley park the approximately 1,320 eggs contributed today and several thousand to be given by the Kiwanis club will be the object of a hunt in which every child in Marion has been asked to join.

Patrons at the two shows given this morning by T. J. Huebner, president of Kiwanis and manager of the theater, were entertained by a full length feature picture, "The Fighting Kid," featuring S[illegible] [illegible] Cox Miller and [illegible] [illegible] musical comedy, "Trouble in Toyland," and a cartoon comedy.

[illegible] of Boy Scout Troop 6 of St. Paul's Episcopal church were on duty to collect and care for the admissions and Fire Chief T. J. McFarland was at the theater until after the second show had begun.

The eggs were placed in the Hotel Marion refrigerators where they will remain until the big boiling and dyeing project next Friday night.

Year-Old Road Argument Found To Be Unnecessary

Officials Discover They Already Have Right of Way Sought Over Objections.

Controversy which has been going on for nearly a year over the transfer of the Morral-Kirkpatrick road from the county to the state ended today as county commissioners conducted a formal hearing at their offices and discovered a large section of the road was 20 feet wider than they had thought.

Fifteen landowners, Herbert R. Krebs, resident state highway engineer, and the commissioners attended the hearing. The controversy started last year when the transfer was first proposed as several landowners objected to granting additional easements to make the 50-foot right of way which the state requires.

Commissioners, who said they had been under the impression the road had only a 40-foot right of way, were informed today by Mr. Krebs that the [illegible] State Route 4 and County Road 171, approximately half the seven-mile road, was already 60 feet wide. He presented road records which showed the road had been laid out originally for a 60-foot right of way.

Oddly enough, commissioners pointed out, the complaining landowners, who objected most strenuously to giving the easements, resided for the most part along the 60 foot stretch.

The remainder of the road has only the usual 40-foot width found in county roads, commissioners said.

Commissioners had already approved the transfer [illegible] step will be [illegible] from [illegible]

BURGLAR HIDES IN BUS DEPOT

Takes Money and Merchandise After Station Is Closed for Night

An intruder who apparently hid in the Union bus depot at 130 West Center street last night when it closed for the day gathered a loot which included $45.50 and merchandise valued at about $15 and escaped undetected by breaking [illegible] of the room.

The break-out was effected by the simple procedure of unlocking the front door from the inside. Discovery of the burglary was made when attendants found the door unlocked when the station was opened at 6 o'clock this morning.

Police who investigated reported that the intruder apparently hid in a narrow stairway in the rear of the room when the station was closed last night at 10:30 o'clock. W. [illegible] McNeal, manager of the depot, reported that the $45.50 had been taken from a cash drawer in a desk. The merchandise, which included magazines, handkerchiefs, lotions and candy, was taken from display cases at the depot.

Police today recalled that the Abel Brothers billiard parlor at 118 West Center street was burglarized under similar circumstances Jan. 10. The loot there was $10 and the burglary was apparently accomplished by an intruder who hid inside the building when it was locked for the night. It was necessary for the intruder to remove a large plate glass door window to escape from the building.

SPRING'S ENTRY SET FOR 7:45 TONIGHT

Warm Winter, However, Tries To Block Arrival With Last Minute Cold Wave.

Spring will arrive at 7:45 tonight so far as the calendar and almanac are concerned, but weather forecasts indicate the reception may be more wintry than the winter season now ending, ranking as the second warmest winter in 47 years.

Arrival of spring, marking the vernal equinox when day and night are of equal length, ushered out four months of 35.5 degree average temperatures. It is exceeded in warmth only by the winter of 1931-32 which had an average of 38 degrees. In neither of the two did the mercury drop below zero.

The weather forecast is rain and colder tonight, followed by colder weather Sunday with probable snow flurries.

Yesterday the mercury ranged between a high of 53 and a low of 37, five degrees above the freezing mark. There was .24 of an inch of rain.

The warmest winter season on record at the Columbus weather bureau was in 1879-80 when the four-month average was 40 degrees. Normal for the four cold months is 32.

Aviatrix Starting Hop to Tiny Pacific Island When Mishap Occurs on Runway

By The Associated Press
HONOLULU, March 20.— Amelia Earhart's [illegible] world plane skidded [illegible] [illegible] today while she was attempting a takeoff for [illegible] world flight but she [illegible] two men companions escaped injury.

The plane skidded on the wet concrete runway and the right tire blew out, wrecking the undercarriage.

There was a burst of flame from the [illegible] and ambulances rushed to the scene.

Climbs from Cockpit

They [illegible] Miss Earhart [illegible] climbing from the wrecked craft.

"Something must have gone wrong," she exclaimed.

The great glittering plane which had carried the aviatrix safely from Oakland [illegible] tipped over on its wing.

The [illegible] Fred J. Noonan and Capt. Harry Manning, also escaped injury.

The attempted takeoff was made shortly after dawn for the second stage of the world flight, a hop of 1,570 miles to tiny Howland Island southwest of here.

Miss Earhart entered the plane at 5:30 a. m. (Pacific Standard Time) (11:30 a. m. Marion time) after Manning and Noonan had taken their places in the craft.

Motors Warmed Up

The motors were given a final warming up and then Miss Earhart gunned them as she headed down the concrete runway at Luke field at high speed.

The plane was about half way down the runway when the accident occurred.

Officials said the tire on the right wheel blew out.

The aviatrix at the controls apparently cut the ignition switches as the eight-ton plane swerved, thereby preventing fire.

A scattered crowd of about 75 witnesses, mostly army men, saw a burst of flame spurt from the left motor when the plane crashed and then the fire died out.

The right wheel snapped off and was hurled 40 feet from where the plane came to rest.

Both propellers were bent, the left one badly.

The crash occurred at 11:10 a. m. Marion time.

Shouts to Army Men

Miss Earhart stood in the cockpit to show she was not hurt and shouted to army officers.

She was attempting a daylight take-off for Howland Island after receiving reports there was cloudy weather as far as 200 miles south of here and favorable weather thence to Howland.

The plane was loaded with between 800 and 900 gallons of gasoline.

Miss Earhart explained the accident was caused by a tire blowout and remarked "no one is hurt. Only our spirits are bruised."

Miss Earhart said "this means postponement of my world trip, but not cancellation."

She announced the plane probably would be sent back to the factory for repairs.

"We were going about 60 miles an hour when the right tire blew out," she said. "I cut the switches."

A bright yellow lei which adorned her neck at the start had disappeared but she was unruffled otherwise.

Noonan and Manning returned to the home of Mr. and Mrs. Chris Holmes.

Paul Mantz, Miss Earhart's technical adviser, remained at the field to survey the damage. He had accompanied her on the record breaking hop from Oakland, but had left the plane here.

Mantz found that in addition to [illegible]

WEEK OF SALES TRIMS STOCKS

Market Steadies as Support Comes In After Selling Spree Brings Record Slump.

By The Associated Press

NEW YORK, March 20.—The stock market was jarred out of its recent complacent mood by an outburst of selling this week, sending it into the steepest decline in five months.

Buyers scurried into the breach, however, and the market settled into a steadier course.

Preceding the crack, bonds set a bearish example for stocks with a further decline, carrying government and top-grade corporate issue averages into new low ground for the year.

Further appreciation in rubber, cotton and other important staples failed to put much pep into share buying, making traders more cautious. Rails opened the throttle for a run to new 1937 tops and a few specialties bobbed up for sizable gains.

On the whole, the offensive power of the share market was unimpressive to most observers, even before Thursday's selling downpour washed out part of recent gains in steels, metals and other "inflation" favorites.

The inflation theme, provoked by swiftly rising basic staples since last November, wage boosts and new demands for them to meet higher living costs, was harped on anew in Wall Street and Washington, with some leading administration officials commenting and hinting more power might be sought to reinforce the government's controls.

Meanwhile, banking figures revealed continued expansion in commercial borrowings in wake of early spring industrial gains and business tendencies to buy goods ahead in protection against rising prices.

Despite strikes, spring industrial expansion was marked by a fresh rise in steel operations to the highest since September, 1929, and the largest rail loadings of the new year.

Easter buying gave impetus to retail trade. Some wholesale markets were enlivened by forward purchasing in anticipation of higher prices, as in woolen goods.

A lull in new financing, attributable mainly to the decline in bond prices, again was evident in weekly figures on security offerings, which were well below comparable figures for the previous week and last year.

WHEAT PRICES SOAR AS SUPPLY DWINDLES

Jump Nearly Three Cents Amid Talk of Increased Buying from North America.

By The Associated Press

CHICAGO, March 20.—Wheat prices soared almost three cents a bushel here today influenced, traders said, by indications that what importing nations soon would be forced to depend largely on North America for supplies.

Gains of more than three cents at Winnipeg, where prices reached new highs for the season, caught the attention of Chicago traders and buying here at times was sympathetic with action in the Canadian market.

Wheat closed 2 to 3 cents above yesterday's finish, May 1.35½@⅝, July 1.24⅜@½, and corn was ⅝@1⅛ up, May 1.10⅝@¾, July 1.06⅛@¼. Oats gained ⅜@1⅛, rye 1⅛@1½, and provisions were 5 cents off to 3 cents up.

STOCKS UNEASY DUE TO STRIKES

Steels, Rails and Specialties Show Some Activity but Others Remain Quiet.

By The Associated Press

NEW YORK, March 20—Stocks shifted from one foot to the other in today's market and, except for a few steels, rails and specialties, made little or no progress.

In addition to nervousness over the labor outlook, another break in U. S. government securities tended to keep many traders in the safety zone.

Dealings were slow from the start. Transfers for the 2-hour proceedings were around 800,000 shares.

Helpful to the steels were estimates mill activities in the Pittsburgh district next week will start at 93 per cent of capacity, up 3 points at a new post-depression peak.

Bethlehem ran up more than 2 points at the best. U. S. Steel, Crucible, and Republic were a bit ahead most of the time.

The automotive division was quiet, as federal and state mediators strove to bring about an armistice in the Chrysler strike.

An early drop in mail order issues reflected further thoughts regarding a possible recession in profits for these organizations in 1937 because of increasing operating expenses.

Bonds were mixed, as were the major commodities.

The extent to which foreign speculators and investors have been coming into American securities was indicated by a financial survey which placed the purchases of domestic stocks from abroad during the past eight months at between $350,000,000 and $375,000,000.

Brokerage circles discussed the question of how much the exceptionally broad participation from overseas was due to the flight of frightened capital, which may fear a war, and what percentage has been based on the belief corporation profits in the United States will continue to mount.

VARDON, BRITISH GOLF VETERAN, DIES

By The Associated Press

LONDON, March 20—Harry Vardon, 66, considered by many Britons as the greatest golfer in the history of the game, died today at his home in Totteridge, Hertfordshire. He had been in poor health for many years.

Vardon won the British open golf championship three times in 1899, 1911 and 1914.

An outstanding figure in the golf world for more than 40 years, he competed in British Open tourneys as recently as 1931.

Vardon made several tours of the United States.

THE RACE IN ARMAMENTS

The world's expenditures for war machines and supplies doubled between 1931 and 1937. Our land and sea power is being strengthened for defense, not aggression.

Funeral expenses should never be higher than a family's ability to pay and its choice in the matter. The high character of every service we conduct builds good will and confidence in our organization.

CHRYSLER STRIKERS WARN OF BLOODSHED

(Continued from Page One)

[illegible] tion of Secretary Frances Perkins

Speculation continued over whether there would be a meeting between Walter P Chrysler chairman of the corporation's board and John L Lewis head of the Committee for Industrial Organization parent body of the U A W A

Miss Perkins in New York

Secretary Perkins remained in New York overnight after conversing by telephone with Chrysler and Gov Murphy

I think that if Mr Chrysler and Mr Lewis could get together it would clear up some things the labor secretary said

Her main objective she explained was to get negotiations between the corporation and the union started Then she added

Everyone has been too mad to talk things over what with court orders and so on both sides have been mad

The two sides had opened negotiations over union demands when the strike was called but they had reported no progress Much of their discussions have centered on the [illegible] request of the U A W A for recognition as the sole bargaining agency of Chrysler employes

Murphy Meets Officials

Gov Murphy talked with high officials of the company and the union in a hotel last night There was no indication however that he met with the two groups jointly

The Chrysler executives who visited the governor were K T Keller president and B E Hutchinson finance chairman both of Detroit and Nicholas Kelly of New York the corporation's general counsel

We had a long conference with the governor they said upon leaving We had much to say to each other

The union leaders did not comment They were Homer Martin president Wyndham Mortimer and Ed Hall vice presidents George Addes secretary treasurer and Richard T Frankensteen organization director

Indications were that the governor had been seeking peaceful evacuation of the 6,000 strikers who have held Chrysler's automotive plants here since a March 8 defiance injunction since Wednesday

Dr Schoch said after a preliminary investigation last night there was no doubt gas had been in the building and that the blast came either from the basement or from the walls He called the walls of [illegible] excellent gas chambers

The condition of the bodies of those children bears that out They were blown to death—not burned to death

We are standing now on the very threshold of Holy Week. We ought to find as the years pass that it becomes increasingly difficult for us to read this story as a matter of course. The facts it records are of the sort which we should never take for granted as our due [illegible] we temper the tragedy of its days by anticipating too easily the happy ending on Easter Sunday. We need to go all the way with the story of Holy Week if we are to keep truthfully the Easter which follows.

The Stars Say—

For Sunday, March 21

SUNDAY'S HOROSCOPE is one of splendid promise for all the affairs of the church, charity and the clergy, as well as being generally propitious for creative and happy [illegible]. Employment will [illegible] all are under excellent promise of success and happiness. Seek favors and the friendship of those in power.

Those whose birthday it is are under excellent promise for a year of progress, promotion, enterprise and much personal gain, popularity and satisfaction.

A child born on this day may be splendidly endowed with talents and gifts for making a high mark in life, with prospects of achieving success and probably renown in [illegible] walks of life. It should be gentle, generous and well liked and respected. It should have excellent judgment.

• • •

For Monday, March 22

MONDAY'S ASTROLOGICAL forecast is for a rather conflicting day, with much of the outcome depending on personal wisdom and sagacity, as well as discretion in personal matters. The energies and spirit of initiative will be found under high stimuli, but so will personal tendencies for indulgencies, excesses or temper.

Those whose birthday it is may look for an exciting year in both the private and business lives. Change, unsettlement, eccentricities and indulgences call for wisdom and tact. The energies will be under high stimuli for creative work and the impulses may be keyed to a dangerous attitude, especially in love affairs or domestic relations.

A child born on this day may be a difficult problem to understand and manage, being impulsive, tempestuous, erratic and adventurous. It may have high energies and talents which could be diverted into channels of great creative achievements.

At the right in the rear is shown Marion Cheney, manager of the shop and son of the founder, Bob Cheney. Experienced workmen perform the delicate task of bending the glass tubes to the proper shape.

Bing Crosby, Bob Burns and Martha Raye, the trio who made "Rhythm on the Range" one of last year's best comedies with music, are together again in the comedy of love and music under tropic skies.

Shirley Ross, who was with Burns and Miss Raye in "The Big Broadcast of 1937," carries the feminine romantic lead. The cast also includes George Barbier, Leif Erikson, Mitzi Roi, the Tahitian dancer, and more than 200 native dancers, musicians and other performers.

CIRCUS INVADES THE HIPPODROME

Clyde Beatty and Lions Only Lively Acts There This Week

By The Associated Press

NEW YORK, March 20—The circus came to the Hippodrome this week shoving aside the tenors of opera, the grunt and groan men of the mat, the leatherpushers and the basketball players who have kept the old Sixth avenue house alight all season.

Aside from a play called "Cross-town," Clyde Beatty and his lions were the only new things in a dull week, when the hit shows reported a falling off in business attributable to Lent and to March 15 income tax headache.

Several shows which have gone pretty well through the winter have begun to set dates for closing. "Red Hot and Blue" will lay off during Holy week, reopen briefly and then go on to Chicago.

The Center theater's musical spectacle, "White Horse Inn," is advertising its last weeks and may finish in mid-April.

Max Reinhardt's production of "The Eternal Road," one of the season's most ambitious and costly offerings, will begin regular matinees and evening performances tomorrow, the first regular Sunday performances of a legitimate theater production since Sunday shows were legalized in New York three years ago.

ARREST ORDERED

MARYSVILLE, March 20 — A warrant and affidavit has been issued from Justice I. H. Kinkade's court here for the arrest of William F. Nettey of Sandusky on a charge of giving a bad check to C. E. Barnett, a merchant living north of Marysville, for $12.50 on Feb. 8.

TWO APPREHENDED BY AUTHORITIES

Two escaped inmates of the state hospital for the feeble minded at Columbus were taken into custody by Deputy Sheriff Gene Geissler last night at Caledonia where they had jumped from a freight train. The fugitives, George Forsythe, 21, and Curtis Rozier, 14, were apprehended by Caledonia officials after they escaped from the state institution early yesterday.

Both are believed to live in the northern part of the state. Forsythe is in county jail and Rozier at the detention home until state officials come for them today, Geissler said.

MARION BOOKS GOOD PROGRAM

"Sinner Take All" and "The Gorgeous Hussy" Head line Week's Bill

"Sinner Take All," [illegible] Bruce Cabot, Margaret Lindsay [illegible] Joseph Calleia [illegible] will be at the Marion [illegible] with [illegible] Joan Crawford [illegible] in the historical romance "The Gorgeous Hussy."

The new [illegible] with a [illegible] who [illegible] ders [illegible] an [illegible] [illegible] Margaret Lindsay, the [illegible] of the crimes. Others in the cast are Charley Grapewin, Vivienne Osborne and Hedda Van Fa[illegible]

Lionel Barrymore in the role of President Andrew Jackson steals every scene he appears in in "The Gorgeous Hussy." The picture is not historically accurate, being fictional drama, and except for historically prominent personages the characters are fictional. Taylor, Franchot Tone, Melvyn Douglas and James Stewart play the succession of leading men for Miss Crawford who has the role of the glamorous Peggy O'Neal, daughter of a Washington innkeeper toasted by Martin VanBuren as the "first lady of the Democracy" and of whom Bow Timberlake of the U. S. Navy said, "no man who ever kisses you once will ever be satisfied until he kisses you twice."

Intriguing entertainment will be found in "The General Died at Dawn," which will be re-run Tuesday and Wednesday. Gary Cooper and Madeleine Carroll provide romance in war-torn China. Cooper plays a roving soldier of fortune in modern China and Miss Carroll has the role of the lure put out by a scheming war lord to trap Cooper. Their fates are closely involved with the fate of China's teeming millions and their lot is decided for them as it only could be in the mysterious Orient. The climax is gripping. Akim Tamiroff plays the general. Prominent supporting players include Dudley Digges and J. M. Kerrigan. A Bob Steele western, "Trusted Outlaw," will be shown on the same program.

One of the Jones family series of wholesome comedies, "Back to Nature," and a western, "Ghost Town Gold," featuring Bob Livingston, Ray Corrigan and Max Terhune, will be shown Thursday, Friday and Saturday.

Spring Byington and Jed Prouty are Mr. and Mrs. Jones and in their family are Dixie Dunbar, Kenneth Howell, Shirley Deane, Tony Martin, June Carlson, George Ernest and Bill Mahan. In this picture the Jones family starts westward to a convention traveling by trailer. The picture is replete with the woes and comedy of the average American family.

BLACK LEGION PLOTS IN WOODS

Meeting in a deserted wood, black robed killers whose bloody code was "Talk and Die," plot to destroy 1000 loyal American[s] in the ab[illegible] scene from the stir[illegible] which will be shown at the Ohio five days starting Monday.

LOVE TRAGEDY ON OHIO BILL

"One Way Passage" Shares Program with "Black Legion" Next Week

One of the finest dramatic romances filmed, "One Way Passage," at the Ohio today and Sunday, will be followed by "Black Legion," a picture which has created a furore for its honest attack on a menace to the country, opening Monday and continuing through Friday.

Neither Miss Francis nor Mr. Powell was ever better cast to their mutual advantage than as co-stars of "One Way Passage." They meet momentarily in a Hong Kong club and it is a case of love at first sight. Miss Francis has been told by her doctor that her heart may stop beating at the least exertion. Powell is going back to San Francisco in charge of a detective who will give him up to the gallows for murder when the liner docks. Their second meeting is aboard the ship and there each determines to make the month at sea an interlude of happiness. The ship's one stop is made at Honolulu where they have one day of stolen happiness before they return to face tragic realities.

Anyone who saw the picture when it was first shown at the Ohio will not soon forget the last scene in which the doomed lovers stand at the ship's bar, drink a last toast together and shatter the glasses, a gesture which has more punch as a fadeout than several reels of tears and embraces. There is a finality about their death doomed bravado that tugs the heartstrings. Against the tragic hopelessness of the situation throughout the story, Powell's jaunty lightness of manner stands in vivid contrast, tinged with a melancholy performance that [illegible] real comedy [illegible] the [illegible] Miss Francis was never more effective than as the [illegible]

A news [illegible] that is still in the minds of the paper reading public has been turned into a motion picture in "Black Legion," a [illegible] based upon the [illegible] of the secret order [illegible] that time which operated in [illegible] and some of whose leaders recently were sentenced to life imprisonment for murder.

Humphrey Bogart, whose characterization of the killer in "Petrified Forest" brought him instant film fame, plays the role of a young automobile mechanic, a decent enough fellow, who gets into the clutches of the grafting and hate-breeding secret society. Through his mistaken loyalty to the order and its commanders he goes altogether to the bad.

Ann Sheridan, Helen Flint, little Dickie Jones, Samuel Hinds, Paul Harvey, Addison Richards and others are in the supporting cast.

The producers made it clear that "Black Legion" was not filmed as propaganda. "In making 'Black Legion' we knew that America was wrought up over newspaper accounts of the masked terrors in Michigan. It was humanly interesting and full of drama. We did not hedge. We dramatized it fully and truthfully. We showed why men joined the Black Legion. Why they wore masks and robes. Why they did not stop at murder. If there is any lesson in it I had nothing to do with that. My business is entertainment and I simply tried to show how a splendid Black Legionnaire would conduct himself," was the statement made regarding the picture.
